Mr. Gregory Parker
2226 Oak Rise Drive
Conroe, TX 77308

Dear Mr Gregory,

It has come to my attention that a prior *Uniform Commercial Code (UCC)* Filing #020028684919 that is listed in the Texas UCC database is still active or in lien status. This status is incorrect. Moreover, while this document was added to the database as a normal course of business activity for financial transactions with us, this account is an inactive account. This account has been inactive since the end of 2002. All transactions were completed successfully by the end of 2002 and absolutely no monies are owed.

The proper closing documents will be filed and we regret any inconvenience this may have caused.

Sincerely,

L. John Gregg
President
Dash Point Financial Services, Inc.
